Claiming Earth As Common Ground:

The Ecological Crisis

through the Lens of Faith

by Andrea Cohen-Kiener.

Spiritual leader and environmental activist Andrea Cohen-Kiener tells us that "our planet is in trouble, and it will take an amazingly large and powerful force to shift into a more sustainable way of living." The author believes "people of faith have the numbers, the passion, and the mandate to do it-and that nothing else is strong enough to counter-balance "business as usual."

Join us on the fourth Thursday of each month at 4 PM. in the McMillan Room for a lively discussion.
