

Philosophy

The Arroyo Grande United Methodist Children's Center is a non-profit organization. We are dedicated to providing a sense of security that nurtures and values each child along with fostering family relationships. It is our goal to offer developmentally appropriate environments. Children learn through play and exploration experience both inside and outside the classroom. While preserving the integrity of our own Christian identity, we respect diverse religions and cultural backgrounds of all people. We hope every family feels welcomed and connected to our program.
